Re: Official Information Act request – Number of RMOs employed – ADHB Ref: 20201211-744

I refer to your Official Information Act request dated 11 December 2020 requesting the following information:

Pursuant to section 12 of the Official Information Act 1982 the New Zealand Resident Doctors Association requests the following information:

- 1. The number of RMOs who were employed by the DHB in a less than 1.0FTE position in the past 12 months, broken down into part-time and job-share.**

Clarification on the data provided:

- Table 1 provides the number of RMOs working reduced FTE either in a job share arrangement or part time capacity.
- The data covers the period 12 December 2019 to 11 December 2020.
- The number of RMOs working reduced FTE will be for a variety of reasons, including health.
- The numbers include all RMOs who worked in a job share arrangement or a reduced FTE regardless of the time period they did this for.

Table 1: Number of RMOs in job share or working reduced FTE

	# Job Share	# Reduced FTE	Total
Number of RMOs ADHB	14	34	48

- 2. The number of established positions with less than 1.0FTE in the DHB as of 1 December 2020.**

- There are no RMO positions at ADHB with a less than 1.0FTE

3. Where RMOs under the RDA MECA sit on each step of each salary scale within the agreement as of 1 December 2020. For the sake of clarity, this is the Registrars, House Officers, and all Dental urban and non-urban scales.

Table 2 shows RMOs under NZRDA MECA terms as at 1 December and the Salary Scale and step they are on. This data only shows those RMOs recorded as being on pay class 330 NZRDA member. It does not include those RMOs on IEAs based on the NZRDA MECA.
