

Auckland District Health Board

Electing 7 Members

Kullasit CHUTIPONGPISIT

Independent

My principal place of residence is not in the Auckland District Health Board area.

Dr Kullasit Chutipongpisit BDS DCLinDent (Oral Pathology) (Otago)- Based in Botany, I am a senior dental officer employed part-time as the consultant oral pathology specialist at Auckland

DHB's Anatomic Pathology Service. I am also appointed as a senior lecturer in the Oral Health Department at AUT University. I would like to participate in a governance role as I believe that more front-line clinicians should be represented on DHBs as we truly understand the real needs and resources required to successfully and efficiently deliver care to our patients. As an Independent, I would like to represent and advocate for both patients and clinicians.

I am passionate about improving the dental care needs/access across our population, reducing the turnaround time for lab results, and reducing the time on surgical waiting lists-electives or otherwise. These are my three priorities that I will endeavour to work on for the people of Auckland, if elected.

Conflict of Interest Statement

I hereby disclose the following conflict of interest with the Auckland District Health Board at the date of my notice of consent to being nominated as a candidate: I am currently employed by the Auckland District Health Board (DHB) as an anatomical pathologist. To the best of my knowledge and belief, I have no other Conflicts of Interest with the DHB at the date of my notice of consent to being nominated as a candidate for membership of the board of the DHB. I do not believe that any conflicts of interest are likely to arise in the future, other than my intended continued employment by the DHB.
