

Auckland District Health Board

Electing 7 Members

Peter DAVIS

City Vision Health

My principal place of residence is in the Auckland District Health Board area.

I am a public health policy specialist, recently retired from Auckland University where I taught and researched in the Faculty of Medical and Health Sciences for 35 years. I feel I have much to

offer the Board, drawing on my expertise in these areas.

I was a member of the Auckland Hospital Board as it became a Health Board in the late 1980s. Some things have changed since then, but Auckland's need for excellent health services has not, especially in achieving health equity across our communities.

My time as a member of the Auckland Regional Council informs another aim: to increase collaboration with social services.

My main areas of interest are in reporting and using information on the performance of our health system, so that we can better fund and operate it in constrained financial circumstances.

Vote for me and the City Vision Health team using numbers 1-7.

Conflict of Interest Statement

To the best of my knowledge and belief, I have no conflicts of interest with the Auckland District Health Board at the date of my notice of consent to being nominated as a candidate for membership for the board of the Auckland District Health Board, and I do not believe that any such conflicts of interest are likely to arise in the future.
