

Auckland District Health Board

Electing 7 Members

Ross BOSWELL

My principal place of residence is in the Auckland District Health Board area.

I work as a physician and pathologist in the public hospital system in Middlemore, North Shore and Hastings Hospitals.

I believe that promotion of healthy diet and exercise and the protection of health with services such as immunisation are important contributors to wellbeing, but we also need to be confident that our health system will support us in times of need with accessible, affordable care of high quality. Auckland DHB is the major national provider of complex health services, and it is critically important to advocate for proper funding of this national role so that the provision of health services to the people of Auckland is not compromised.

I have relevant past experience in governance as Chairman of the New Zealand Medical Association, as a school trustee and chairman, as an office holder in the Royal College of Pathologists of Australasia and the Royal Australasian College of Physicians.

Conflict of Interest Statement

To the best of my knowledge and belief, I have no conflicts of interest with the Auckland District Health Board at the date of my notice of consent to being nominated as a candidate for membership for the board of the Auckland District Health Board, and I do not believe that any such conflicts of interest are likely to arise in the future.
