

Auckland District Health Board

Electing 7 Members

Jude KEYS

Independent

My principal place of residence is in the Auckland District Health Board area.

Born, bred and educated in Auckland, I grew up in a medical family and trained as a registered nurse at Auckland Hospital in the 70s, specialising in paediatrics.

Now, with three grandchildren I feel strongly about their future and wellbeing. I want Aucklanders to have a sustainable health care system and a DHB that partners with primary care for high quality health care that is publicly accessible and affordable. I have previously worked in roles for Pro Care Health (over 15 years) providing services and support to improve the health of Aucklanders and reduce inequalities. With sound knowledge of primary healthcare I was also involved with contract negotiations with the Ministry of Health. Roles included Executive Officer, Business Services Manager and more recently Enhanced Practice Services Manager. I was recently appointed to Medtech Ltd as National Account Manager.

Conflict of Interest Statement

To the best of my knowledge and belief, I have no conflicts of interest with the Auckland District Health Board at the date of my notice of consent to being nominated as a candidate for membership for the board of the Auckland District Health Board, and I do not believe that any such conflicts of interest are likely to arise in the future.
