

Auckland District Health Board

Electing 7 Members

Gerhard SUNDBORN

Independent

My principal place of residence is in the Auckland District Health Board area.

I have a PhD in Public Health and am a senior lecturer/epidemiologist at University of Auckland. I was inspired into Public Health as a result of my mother's experience of type 2 diabetes. This led

me to establish FIZZ (Fighting Sugar in Soft-drinks) public health advocacy group.

My experience in health and governance will help to make the right decisions for our DHB. If elected, I would bring to ADHB Board a renewed focus on disease prevention. I believe that as well as providing first class services and treatment to our community our board need to lead and create an environment and culture of disease prevention.

Key issues I would address: Healthier Food at Starship Hospital; Provision of better diabetes medication that will delay the need for dialysis by 4-6 years; Intensive treatment of scabies to prevent skin infections, acute rheumatic fever and rheumatic heart disease.

Please vote for Me

Conflict of Interest Statement

To the best of my knowledge and belief, I have no conflicts of interest with the Auckland District Health Board at the date of my notice of consent to being nominated as a candidate for membership for the board of the Auckland District Health Board, and I do not believe that any such conflicts of interest are likely to arise in the future.
